this morning I log into jellyserve marathon. As a personal rule, I leave if the team is loosing. But if they loose when I'm playing I stay with it.

Well, I was GDI and all nod had was a few tanks and their airstrip.

There were 3-4 mammoths seiging their bace. That was it. No hotties.

Whenever a mammy was under THREE FOURTHS health they spamed DONT GET IN MY WAY and go all the way back to base to repair themselves. There weren't any hotties.

Eventually I got killed, and lo and behold, 8 people camping at a MCT waiting to buy tanks...

They didn't want to be hotties to support tanks, they wanted tanks, and them bitched that there werent any hotties..

About 10 mins later, NOD kills GDI in one fell swoop

Seriously, I think I lost a few brain cells...

this was on field btw

That can be fun when you're on the losing team. The other team gets overconfident and such =)

I've seen mams overtake Nod on field with some MRLS and hottie support. They can be good for just plain sittin up there and kicking ass.

Why? I dont want to join a game whose team is already getting their ass kicked..

If they end up loosing after I'm lready playing, sure I'll stay. but I don't have any fun joining then running around while the base is under siege

But it is fun running around trying to disarm nuke's and defending the base.

Try it sometime

Well, joining a game in the middle is kinda dumb anyway! And if you find a couple buildings missing, then yeah you can leave if you want!

My personal rule is if only the Ref is gone, then I will stay because you can ALWAYS earn credits by doing a hundred diffrent things. but if Ref AND PP is gone, then I hate to stay.
