Whenever i try to play some of the Command and Conquer games online i always get errors
Tiberian Sun gets an internall error and shuts downs when i click internet and Yuris Revenge
says fetching server list then comes up could not connect to westwood online check your internet
connection can someone please help me

1)check firewall settings
2)check router firewall(if have one and port forward all the games port numbers)
3)ahh virus or spyware scan?
4)check any anti virus or spyware program u got installed on ur pc

im not so good with this

The firewall lets it through and i configured my router settings i also done a scan aswell but it still
doesnt work

1)sounds like u got TFD did u forward all the ports on the list?
2)do u have router?

Yeah i went to portforward.com and forwarded all the ports they said to but it still wouldnt work

and also i have a netgear wireless router
