Hi guys, i kicked out Ferkhat from Tiberian Wrath and put him as a modeler.
He cant lead the mod, i'm pritty sure it would of fail if he would of still be the leader. Well, i think it would be better now

So you kicked him out but kept him? Huh?

Anyways, I really like the weapon models. The stock and grips of them are far too rectangular though, need to be smoothed.

I concur, this actually isn't looking half-bad.
