SECOND "TOOGLE SPOILER" THING
"could someone give/make me those missle's?"
Jesus christ who parented you?

as for the missle's they look like the default missle's to me..

getting stealth skins off the internet is no good for me. With the stealths they make, you can see right through it so the c4 on your character appears to be a lighter/darker color. Using Gimp makes it one solid color.
