Ok 5 reason which feels most dumb&annoying in renegade.

- 1.SBH nerds that sit in base and give u fucking commands while they just sit. Also when sbh is walking near me to egt sniepr rifle (lol iw ish i clodu friendly fire him so much!)
 - 2.Morons that dont realise then stank,flamer, mammoth missles range isnt that long. They shoot all over and again to NOTHING. But they think they do.Epic fail
 - 3.When people do random thinsg instead of teamwork which makes you loose.
 - 4.People who get just sniper, JUST them lol. Afterall they cry about loseing match.Rofl
 - 5.Situations when almost all team camp at AG/OB while other buildings get raped by stank/med rush or else rushes.I hate camp n00bs

To list mine -

OK Never mind, you listed them all already.

But a couple comments:

SBH are good, especially if they acquire a sniper gun (gasp) but sitting in base or running around doing nothing sure ticks me off too.

Firing range - if it's GREY, not RED or GREEN it isn't doing a thing, people!

Teamwork - ESSENTIAL. I guess some don't like cooperating with strangers.

Snipers who go snipe in tunnels during match - what's the point? (apart from sniping enemy base which is fine)

Camping - very bad. And when a building is getting destroyed and NOBODY goes to repair it. UGH.

I play in a server that doesn't allow sbh to get sniper rifles. In fact the only one shot kill gun they can get is a shot gun. SBH with sniper rifle is n00b :/

Saying it's funny means you obviously use it. If you're so bad at a game that you need to use a cloak and wait around to do one hit kills then don't even play it online :/

btw there are situations where the reticule will be grey but you will still hit and do damage, good example is the orca or shooter.

Its not n00b, if your killing guys of importance and making a good contribution to your team then it's fine.h

I am getting tired of 'bullies' constantly picking on the best players and accusing them of hacking; and when they don't have proof and nobody believes them, they continue spamming the chat with messages like 'OMG u cheater' 'stop hacking noob' 'GTFO and stop cheating you ****'.

That's my number one annoyance right now.

Oh, and artilleries. I'm fairly decent with them, but when I'm GDI and we're getting pounded by 2 arty's I am full of annoyance for some reason.

Its quite funny when some1 accuses you then a load of others in the same game start doing it aswell.

Im just glad i got Fraps and have videos to show that im a legit player that can put others down in seconds with a Auto Rifle.

My main annoyance is when someone blatantly steals your kills or building kills.

Next they do is !showmods and notice the nice @ next to my name

Which server doesn't allow sbh to get rifles? I find it irritating yes, but thats forcing a person to not play their own way which is quite lame.

My list:

1. People telling snipers to get a tank, because they're useless according to them.
 2. SBH whores, they don't do a thing, they just stand there waiting for someone to pass on low hp.
 3. People starting to talk to you, trying to put a c4 on your back.
 4. Lagggers, who start complaining cause they see lagging people :S
 5. AFK PEOPLE WHO ARE TOO F***ING LAME TO LEAVE THE GODDAMN GAME AND ARE KEEPING SLOTS OCCUPIED!

It depends what map it is. On maps like C&C Feild, Islands, Canyon you staement would be quite strong but on a maps like C&C City and Hourglass the tunnels basically server only for sniper nests.

Stop being retarded. Snipers are there for a reason. Yeah, sniper WHORING is a dumb idea, but in a crowded game they're necessary. Hell, even in a less crowded game, aslong as the sniper is good, they can help pick off hotwire/technician support, which is invaluable.

Usually for the same price, a tank will be more valuable than a sniper. Yes, there are exceptions, though.

A good sniper can be more useful to the team than a pointwhore sitting in a tank.

So based on that one post of mine, you magically know I am entirely against sniping, huh?

I would rather have players with tanks/repair guns on my team than snipers though I understand the uses of sniper. Used to be in sniper clan FYI...

Even if a sniper picks off a hotwire/technician, the kill is invaluable ONLY if your team is in a

position vehicle-wise to destroy that vehicle. If not, that sniper's "invaluable" kill counts for half a log of sh*t.

Nero wrote on Thu, 08 January 2009 03:29A good sniper can be more useful to the team than a pointwhore sitting in a tank.

The irony of this statement!

Without these "pointwhores" and their tanks, you wouldn't have much of a base left to buy snipers from.

1: People who show no appreciation when you repair their tank, ungratefull pricks!

2: People who join a game and say 'hi n00bs/ladies' thinking their a popular celebrety who owns the show, especially when they are a mod.

3: N00b Mods who ban without tests or proof or conduct tests using public chat instead of doing it professionally through PM's

4: Clan/gamer nerds who know all the tricks, jumping out to repair tank in 1 on 1 battles to out gun you one on 1, C4'ing their tanks as anti sbh measures, flying an orca like he was born in it. Obviously its cool to use some of these tactics but some guys go way overboard, please go outside and view daylight and the real world you geek!

5: Snipers who use invisi hug and lag, being killed without being able to see your target to strike back sucks.

I said some others in thread like this one. "biggest piss offs"

Quote:

1) People who get pissed cause no one is repairing them all game while they point whore and their the same people will will never mine or repair a building or anyone else ever.

2) Players who stand by a building going down calling for repairs but refuse to trade in their character to repair it even though the bar/hand is still up

3) People who want to quit cause 1 building is gone.

1) Sbh's who stand around and dont defend a beacon cause they want to lay their own.

2) Sbh's who stand around letting teammates die cause they dont want to be seen.

3) Players who have a ton of money unwilling to share the wealth. non team players, it benefits your team if everyone can help out.

4) Dr. Nuke

5) People who take the whats left after you killed the guy.

1. The guy that's ALWAYS the sniper, and ALWAYS in the same place too.

2. People who don't get tech support.. I don't exactly volunteer for it myself but once my tank's gone I'm tech support.

3. The person who keeps pming me in game, and it comes up in a big box that I have to click on while I'm in the middle of the field being battered.

4. Contrary to what the server thinks, I have downloaded Renguard several times. It's not my fault it refuses to load!

5. Oh yes, the afk/guy who leaves as soon as we're getting pinned down. Cheers for your help ****

6. DO NOT let the wf die, concentrate on stopping them pointwhoring off it rather than sacrifice all your firepower for it.

I know it's 6 but that's interest and inflation for you
