1)restart pc

2)delete anything new added

3)delete all skins (back them up first) and slowly readd them

4)....

I can see why you'd want a brighter stealth skin... but a brighter obelisk? You know you've got eye  
sight problems when...

A restart fixed it!

I get tired of looking at the same thing over and over again when I have the choice to change it. I  
think it looks really sexy. Like the silver ps2 did when it came out

Well yes, but why do you make it look ugly then? Surely a flat fluo color is not "nice looking".
