PS: the orange wil replace both refill icons if u use them, u don"t have to re-name it.

umm, only one of those PT icons i used:

the rest i either got from here:

http://www.renegadeforums.com/index.php?t=avatarsel&rid=24163

or combined images from there and made my own from those. all the original files (avitars) are in the zips, except the remote c4 zip, in which i forgot to add them, and the newer versions are there.
