Don't underestimate the power of tanks! If you have an AGT and flame rush is coming, don't just stand there and shooting at the tank! Drive the tank and block the flame tank's way and let the AGT do its job!

Coming in a close second to "Vehicles are unbalanced posts" is....(envelope please)...Ahem...and the winner is..."STFU You Newbie" posts! I'd like to thank the academy, and all the stupid n00bs who post stupid things so I can feel better yelling and telling them to shut up. Oh, and my agent, and my lawyer. Oh, and God. Thank you God.

Or how about the levels without defenses dam STNK just drive in ur base while ur buddies go attacking the enemy base so all u are doing is killing Stealth units and Disarming Bombs so u eventually lose badly.....Funniest thing I ever seen was when A STNK rush was uncessful so the GDI took all the STNK's littered around the base and Did a Counter strike NOD never seen it coiming
