Why would I know about fake stuff that turns people into gigormous retarded fanboys.

This isn't only directed towards Islam.

Don't try telling me about your Gods and imaginary friends shit, keep it to your fucking selves.

He doesn't get it. So here it goes.

We don't give a shit. You are a moron. The internet is not your tool to free marketing.

Stopping to check forum rules

To be continued...

Back...

Okay so racism is against the rules... Darn. Back to on topic. No one gives a shit about your religion. If we wanted to follow a religion we would be. If we wanted to "test out" a religion we would go to a church. Don't come here expecting free advertising. Your simply wasting our time.

I imagine a religion war won't go over well here so I'm not going to get started there. But if its worth pointing out I'm sure your wasting your time with a lot of people here.

Dam do I wish you were a juhova witness moron knocking on my door. I thoroughly enjoy telling them off. And I don't have to watch what I say like I do here.

I was going to post a snarky comment, but there's not much point as it seems I'm going to Hell. I'm hoping for a nice brimstone house by the lava lake. I'll send you a postcard. You'll know it's from me because it'll be on fire.

Imao, in one of those cheap fake magazines they had an article about that once on the cover, something about a suicide bomber was brought back to life (coz bomb did not blow him to bits?), when he came back he had his lil tunnel and light story about the virgins being fat and ugly.

he is not advertising anything, he just wanted to share his religion with you guys.

genetix wrote on Thu, 29 January 2009 05:09To be nice, I'm not interested in your religion. I doubt you will find anyone here who is. Advertising isn't respected.

it is my religion too.

what i dont understand is, none of you will be that destructive if someone else would post about atheism, or satanism. what is worse is this is obvious from some of you guys' signatures.

we always need empathy, especially in these days.

thank you.

Passing on knowledge of something and trying to get others to join your cause or try it themselves is known as advertising...

No one would be as 'destructive' if someone posted about atheism because atheism invites an open mind free of bias and intolerance. Other religions are the opposite: very intolerant of others beliefs and close minded to anything else than what they want to believe.

Its that flaw that people on the internet enjoy nitpicking and making fun of.
