Hey!

As many of you are aware, this Thursday, February 26th, is the birthday of C&C Renegade. On this day, you could look forward to a nice little update from your friends over at Renegade X, and you could also expect ReneGame '09. Just like last year, Renegade X will be hosting a game of C&C Renegade to celebrate its 7th birthday. The server is, once again, being supplied by our friends at <http://www.borgamers.com>

The purpose of the ReneGame is to simply enjoy a good ol' game of C&C Renegade, the game that we are remaking. Play with myself, and other developers from the mod, as well as fellow C&C Renegade & Renegade X community members.

Every participant of the ReneGame '09 must use Teamspeak. To download the teamspeak client, simply go to <http://www.teamspeak.com>

The purpose of using Teamspeak is to maximize teamplay and therefore push C&C Renegade's gameplay to its very limit. Teamplay will be key for this game, to achieve the highest potential of organized action. We will be using the Renegade X teamspeak server. The IP is 75.126.220.122:8769. Server information and time of day (will most likely be in the middle of the day EST) will be released on Wednesday, so visit this thread on Wednesday to get this vital information!

I don't know what time EST is in something like CET or GMT? I think it is American, right? Then I think that middle of the day EST might not be the best time, as that would be just before/around diner time in Europe, right? I would at least write down the GMT or CET times as well.

EST is GMT -5, so yes, for Europe it would take place at around 11:00pm or midnight.

I love BlackIntel's time.php script on their site. It comes in handy for this sort of thing.

TD, you got renegade for your b day?

And, it would be really really nice if the server would be hosted in Saturday and sunday. I would have to play for about 3 hours because i have to goto school. When i play renegade, i play it for like 5-7 hours!

Lol, I was getting worried when I sometimes play for like 2 hours, have a half hour break, play another 3 hours.

That turned out great! Funyy how how i never miss RenX's community games...met some nice fellows too. And I met my 2 personal goals too! ---> Kill Fobby atleast once and get MVP too.

On Hourglass GDI got Meds and MLRS and attacked from Hill and sides but a Nod rush took out AGT and WF. It was all defendign from there. it was so close with Nod winning almost but we got our work together and won it by points lol...with only PP left...

can't believe Nod could not win that one. In the end it was like 7 ppl repairing PP to win by points lmao. kudos to u6795 and Cabal among many others for repairing the 2 remaming Med including mine...GJ m8s.

Next game was on Field and GDI dominated the field with Meds/MRLS and then Gunner-rushed and killed our Strip. We let HON die afterwards to stop GDI points and I was the only player left with an Arty...we defended till a giant Mammoth rush finished off Obby.

Next was Islands and I was GDI lol...I was determined to repeat the same result like last year...so I got MLRS. GDI dominated from the start with MLRS hitting Ref to get pointslead while Meds went in and Sieged Nod entrance. Lol Nod nuked and double and triple nuked but we disarmed them all! Nod was too focused on tunnels tho they did manage to shut us down in our own base...but we pushed em back to their base eneventually killing AiR. Then one of the MLRS killed Ref and then we all ganged up on HON.

I was able to kill Fobby 2 times lol and also got MVP to..hehe MVP 2 times in a row in 2 years on the same map in the same Ren X community game hitting Ref from the same spot! pretty nostalgic

Fobby the Raveshaw:

Fobby the Tech:

Then onto Mesa GDI too the cave first and started hitting PP/HON/Obby/AIR. I got Light as usual on Mesa an went on the side harrasing GDI from the bridge and also hitting PP in vain with other Arts.

I left in the middle of this game cos too tired. I wonder if they played on City_Flying.

It was great time and got to meet bunch of nice ppl...many guys working on Ren X were there are we were able to have nice chats before the games. And during too...

GJ Fobby...thx m8! enjoyed fully...!

Funny how there were loads of players lol

Damn yeah, that was awesome. Too bad I left before the Islands match. But I was hungry as hell (which I later found out I also had a stomach ache), hadn't slept in 24 hours, and had alot of shit to do.

Still, though, fun game. Thanks for hosting it, guys!

Yeah, where great games...on hourglass we were lucky I could stop incoming flamer rush with gunner and later sydney

And never saw a beacon on top of ref on Islands....

We should have such good games with a lot of teamplay more often!

Yeah guys! That was real fun indeed. Was in this yearly game for the first time. I started to play renegade with rruk (my bf who already plays for a long time) a year ago and got totally addicted to it

There should be more games with people who use teamspeak...great teamplay.. everything works so much better!

Sadly enough it ended too fast. I would have been awake all night for it, not only until 2 am. Came into play at hourglass and left in city flying after there were only three players left (

Too bad I forgot to take any pictures of my giant mammy destroying the Obby in Field

Thanks to all persons in charge for letting this happen anyway!

Inside joke.

Pretty much everyone left when City was loading. Great set of games before that though.
