It looks pretty tasty

By the way I know you are new here, but there is a special 'Mod Release' section special for the release of skins/models etc.

Next time post it there

I wouldn't call it tasty is what I'm saying, man. Unless you're talking about some of that specially made shit like pineapple weed, that's kind of weird.

but no, of course I haven't, I'm a 14 year old American, and that would be illegal.

Just be aware that if you use this skin it will probably get blocked by the anti-cheat (unless the server has decided to add that skin to the database of allowed files)
