I heard Renguard was outdated and no longer works, is this true? I keep getting this error.

What should I do?

File Attachments 1) renguarderror.PNG, downloaded 500 times RenGuard 1.0323 [11:16] Trying to connect to server #1...Failed! [11:17] Trying to connect to server #2...Failed! Your first sentence is true. This error seems to be related to a firewall issue, though.

My advice: unless you're forcerenguard'ed somewhere where you absolutely wanna play: uninstall renguard.
