Move up towards the other side more...use the rock for cover. Hit the WF funnel and the top of the side facing you.

As for PP, hit the the exhaust funnel and the round sides.

EDIT:

I would post SS but don't have Ren installed (not playing till TT patch that is).

This may help you; solid red squares are the Arts. I usually don't buy Arty on Hourglass so if anyone knows better, please add.

Have a good look at your hud, and then look at mine again, i'll hear from you.

P.S. You never release anything you make, beacause you are to greedy, so it won't make any difference.
