The model is NOT from me, i just changed the colors.  
Have fun with it.

Mine's green

All you have to do is open landscape.dds and change the colour of it

---

---

As far as I can tell the only other thing you changed is the middle dot(or diamond?), you changed it to yellow

I left the center as it is:

i got the blue one as well, i downloaded the file and when i unzipped it there was a foto of what it looked like, would have been nice to see the foto on the original post so ppl don't have to download it to find out what it looks like

good work though

cheers goobers
