Sorry i have to vent my anger about idiots somewhere, dont you all hate it when you and your friend are playing O and all those people who dont talk are playing O with you but just get in the way and die and then your base is being destroyed and all they do is run out and get killed again? Who else here agrees with me all those n00bs need to find another game to infiltrate?

face it. sometimes you're just gonna be on a lousy team. happens to all of us. just try to make the best of it and improvise accordingly. even then though, "sometimes you win, sometimes you lose... goodtime charlie's got the blues". lol...
