I am not sure if I released this before, but I converted the Tiberian Dawn harvester to Renegade and added some lights to the front and the back.

Westwood did, it is on game-maps.net in the Renegade Beta assets file see:

<http://ren.game-maps.net/index.php?act=view&id=1103>

lol they also tried to make the med tank look like an abrams tanks with the antennas/rails and all.

WHAT IS THIS!?! REFLECTIONS IN MY RENEGADE?!?

Can you tell me how to get rid of reflections, I like my renegade reflection free.

EDIT nvm, just figured out (put all reflection files to black ftw)

It was meant to be a joke, but I seriously didn't like the idea of reflections from what I've seen in Scrin's screenshots of reflections, I couldn't tell there were reflections in your screenshots, they fit the vehicle well.
