Yeah, it's really good. It's very similar to Renegade actually, probably why I like it so much.

Team Fortress 2 is really fun. Watch out for [TeamWang] though, they are so awesome they will make your face explode.

Haha, You really do have to release the Sniper/Spy updates on the same day, otherwise each class would be fucked if it was just one or the other.

Also, I lol'd heartily. Already saw it, but still.

And yeah, Team Fortress 2 is a great game. Problem is you need a semi decent comp to run it.

Yeah, but there's a new payload gametype where both teams have their carts going in opposite directions and both are on offense and defense at the same time, I was at a loss for words
