Thanks. I am thinking of mixing some more character models.

Suggestions?

Can you please put Nod 500 sniper's head on Deadeye and give a GDI texture? I am sick of seeing Deadeye's ugly face.

It will be great help tbh

Here it is  
Only the blue shirt of deadeye doesn't really match the helmet.  
In the third screenshot you can see how it looks with the blue changed.

I could upload the body skin of deadeye to, but first here is the helm replacement for deadeye. If you want it I'll upload the body skin to.
