<http://blindsearch.fejus.com/>

This website is basically a site that compares the results of Bing, Google, and Yahoo, without telling you which is which, and makes you vote on which results you like better, try it.

I've tried it with 5 terms so far and the results are 3 Bing, 2 Google, 0 Yahoo.

I searched Tupac and I voted for Bing! I've never even heard of Bing. I will always use google, I'm too used to it and I'm using Chrome lol.

Google gave me links that said FREE PORN. Which of course was the one I voted for hahahaha
