I want to add some scriptareas in all of the official C&C Renegade maps, so you cannot be spawnkilled (By a defence, with "JFW_Base_Defence").
What script is usable for this? And how do you add this edit to the official map?
And anoter question, if i edit a map, must all have that version of the map?

This is a mod query, and so belongs in the mod forum. Moved.

I imagine this is possible.
