It's like scrin is a whore and everyone who lays trust in him eventually gets burned in the arse and then they start releasing all the dirty sauded things they did together.

I think this whole scrin shit has been pushed a little too far. We got some fag called madrackz on these forums thinking he's all bad ass because he's friends with scrin. Well, what he doesn't realize is he's hording shit for a 7 year old game. There are other cooler things in different games to look at.

DO NOT WANT

I can say most definitively, that, rather than being appreciative of the above images/posts, I am instead extremely disdainful of the aforementioned items, indeed it could be said that I in no way desire to see them on subsequent occasions, nor to add them to my archive, therefore, please refrain from continuing to post this category of item. Thank you and good day.

No. I mean Dutch. For the most part, the German members tend to be pretty tame. It's a shame (Renalpha, SSADMVR, Di3HardNL, all guilty of "I'M SO GANGSTA LOOK AT MAH SKINZ").

It's a good thing you guys have these beauties going for you:

BI?

I have nothing against the Dutch as a people. I've put plenty of reasons to admire their culture and achievements in that spoiler tag. It's just pretty tedious to see these Renegade Public Forums turn into raptalk.net, and it just seems like the same people causing it all.
