omfg, it's the same damn thing as tapping K a few times. also known as situational awareness. i suggest not mentioning building info huds here on renforums though because all that will happen is everyone in the entire renegade community will post a very strong opinion one way or the other and it will eventually either be locked, moved, or deleted because it turns into a flame post/VERY heated argument. [/Rant]

I consider it a cheat, so topic is locked.
