Hey guys..i have a little Problem and i dont know how to fix it
that Problem is only at the C&C_Field.lvl :/
btw i tried to download it again from game-maps.net and the Problem still
And i tried to reinstall the Public tools..dont work
But all other lvl files open correct.

Someone know how to fix?

First thing i would do is just place the map terrain from the terrain tree. Then if that doesnt work, i would post. Well, i dont have your problem so i cant check if the terrain preset works.

i'd suggest you download the .exe i linked to, saves a lot of trouble and mistakes
