Hey there! if you read a little before as you said, well I'm sure you'll know ACK and that you dont have to care about what he says most of the time. You are welcomed here, as long as you dont try and boss people around and stuff. I'm sure you understand anyway! have a great time with us!BTW, this forum is quite less chaotic than the general one... good choice posting here!

Welcom to the forums, tactics and strategie people tend to be smarter and nicer than the basic forum guys so this was a good place to post!
