ServerPort=5555

We're proud to announce that we are now also running a server for Unreal Tournament 3.
It is a WAR type server which means you have vehicles.

There are 5 maps in rotation, they are the Top 5 winners of the Make Something Unreal Phase 1 contest.

Download the Top 5 WAR Mappack in case you don't already have the maps or just join the server and let the game download it for you.

Have fun.
