It's a bit different to them "post your desk threads" etc. It would be interesting to see if anyone actually replies. So walking, riding, on train or in car. Get your camcorder out and record it!

Anyway here's mine: <http://www.youtube.com/watch?v=o-ETD9fjCk0>

I suppose I could do this with my cell phone camera. My commute is a 4 or 5 minute walk though... not very interesting.

OMG worst roads ever. I love how people randomly park facing traffic halfway into the driving lane. I feel sorry for you. My commute is super-boring... it's like 2 miles with one turn and it takes me about 4-5 minutes, tops.

EDIT: Forgive the quality. It was recorded with a cellphone, and then transcoded 3 times (mp4 to flv, flv to mp4, and then uploaded to youtube, lol).

Mine's a 15-20 min bike ride through a neighborhood, then the side of a road and across a busy intersection. Can't really record it.

The funny thing is, I'm a conservative and am much more green than a few liberals I know. It may be to the fact that I won't have my license until I'm 18 though... Which is 2 month 27ish days away. On that day, I will get a pack of cigarettes, and a playboy, and my license that weekend.

My daily commute includes 2,5 km by car, which includes 5 traffic lights to go and 8 traffic lights to return, unless I take the smaller roads.
