cause i cant play ren anymore i release my whole stuff here!!
everything what is changed on the ss is in the pack
i was to lazy to make ss of everything so what is on the ss is not the whole pack

ignore the pink text in the corner;)

Creator of all: JsxKeule

==Download==

ps: was to lazy to sort it in folders so no comments about that

i put the pistol files in but what is the texture of it named to?

I put it in and your model is just white with the westwood sign

open the modle on w3d viewer
then you can look which textures it needs
