This person's renditions of Whitesnake's 'Fool for your Lovin'' and Ozzy's 'Bark at the Moon' are fantastic. I heard them quite a while ago, and my jaw hit the floor. I really don't give two shits what sex they are, because they know how to shred. Shame the comments are filled with nerds arguing over it, and not focusing on the great riffage.

Her version of Enter Sandman - Metallica is quite good too. I can't stop listening to it. That is what true metal should sound like.
