30 days ban to Rocko for wasting the air we all need to breathe.

I'll wait until Crimson replies to this topic with her side of the story before considering to comment it.

You may need to take a look at Rocko's overall messages. You'll agree I have been more than patient with him in the past. It's not because he insults someone you don't like, that it should be condoned.

Madrackz has been muted on these forums since about 2 weeks. That's the reason why he asked one of his pityful script kiddy friends to DDOS renforums. For that reason, his account has been permanently banned.

You should try to inform yourself better before typing a comment to something you know nothing about.

I know more about it than you'd think. I don't post much but I've read every single thread on this site. I'm talking about before, when he was allowed to roam freely and troll as he pleased. I've seen rocko's messages and they're pretty funny tbh, but yah know, everything is rene-serious around here.

This is offtopic anyhow. Lets get back to the real issues at hand

Edit: Sure sure, split topics while I'm replying why dont yah

That's why i split it off its original topic: so the original topic doesn't get derailed. You know that rocko has been banned before, you know that his posts contain nothing but insults and you probably know that different people asked for a permanent ban on his account before as well. You know he breaks the rule in nearly every post he makes, still you condone this because you think "it's funny"?

IMO someone's liberty should stop where it starts to interfere with other people's liberty.

I guess for me, it boils down to I don't see how he's breaking rules. Telling the truth about someone isn't harassment

2 weeks ban for Johndoe.

Reasons for JohnDoe:

Moderators: Respect the decisions of the moderators, they hold that position for good reason. If you have any serious complaints, contact Crimson privately. Do not start a public bash-fest against a moderator you don't agree with.

and

People that have been temporarily banned before, for breaking these Rules of Conduct are on thin ice and should be aware that any minor transgression of these rules will result in further action.

Reasons for Rocko:

Harassment/Racism/Flaming: Harassment of other members, racism, or any hate speech in general will not be tolerated. Moderators will be the judge of what is intolerable, and what is not. Also, please refrain from flaming other members. If you really must, keep it inside of the Hot Issues forum.

and

People that have been temporarily banned before, for breaking these Rules of Conduct are on thin ice and should be aware that any minor transgression of these rules will result in further action.

It is no coincidence these two people that have had sufficient warning and have been banned before, show up again now, I suppose...

I think a lot of the argument could be wiped out if some of the participants learned the difference

between fact and opinion.

Good to see Goztow is making a stand.

Although, banning rocko for this just invites people to go "LOL UR BIASED". Then again, banning anyone for anything automatically makes you a biased prick who shouldn't be a moderator.
