What will you do (or for those people who don't have plans on playing the game, would you do) first when you play Sole Survivor? Will you play the single player campaign, tutorial, multiplayer (coop campaign), multiplayer (coop mission), multiplayer (deathmatch), multiplayer (other), skirmish, map editor, or other?

He's not talking about Sole Survivor the C&C game, he's talking about some recently-announced bullshit lie of a survival-horror game/mod thing that will never be finished and then spamming it all over the Internet.

Follow the link in his signature if you dare to bask in the glory of his EMPTY forums.
