Just because the os cheaters play wars against us quite a bit that doesn't mean they are cw.cc
players. In fact I don't think any of them have ever made a post on the forums and they get
creamed everytime they play even with their cheats.

If you say they're known to cheat, then why do they get to play in this tourney? Or are these just random accusations?

Also, seems their CW results state:

total:

matches:

win: 84 draw: 1 lose: 2

winpercentage: 96.6%

maps:

win:232 draw: 0 lose: 18

winpercentage: 92.8%

So do they only keep track of wins or aren't your statements correct?

Well the games we play aren't technically clanwars so I guess if that is their clanwar record it could be accurate.

However unless you honestly believe that OS spend all their time practicing their infantry and don't bother getting good with tanks then they cheat.

Im sure if I wanted to I could put together fraps that prove {OS}Moeze has cheated but that would take way to much time and effort on my part.

Depends whether you can call them random after having played Os 100's of times in wars.

Im not condemning them, if it weren't for *cheat name removed*the games would never even be close.

Last time cc played jelly, we won. Not to mention I organised the war, and I set up cc's team (im awful at doing those things), and we still won.

If the team on the curent list actually showed up, theres no doubt we would've won, no doubt at all. Too bad 50% isn't gonna show up.

Oh, and this is what I think:

cc (current team) > jelly

I wasn't saying that the jelly roster was better than the cw.cc roster. I'm sure it's quite obvious to most people (who recognize real skill) that cw.cc has everybody beat; however, my bet is, like you say, that half of the cw.cc team+ won't show.

I remember back when cw.cc was actually half-decent I played for them against jelly and I'm pretty sure we shit on them you're right, But since then jelly has gotten much better and judging by the .cc roster I'm guessing at least a few don't show.

jelly>cw.cc jelly wins tourney
Prove me wrong?

cw.cc probably won't even have a full team for any games. So many people on cw.cc site sign up then never turn up.

Only reason they ever had a team for the com wars they play is because players who don't sign up play for cw.cc anyway. But that can't happen this time...

If shadow-team is short on players, I think it isn't gonna be much of a problem. Most likely we're going to be short on players aswell. But like I said, nothing is sure, yet.

Funny thing is we only have 1 day left, so im hopin' for everybody to confirm today.

Well, as for Shadow-Team, as most of you know, it is closed down now, but seeing how we were already signed up for this, we are trying to get everyone to still play. We are having difficulties with this though, because the irc, and forums addresses have changed, and some of the people on the roster rarely to never play Renegade anymore, but wanted to participate. So we have no way of contacting some of the people. As of now, 7 of the 15 people have not confirmed anything, 3 of them said they can't make it, and I am still not 100% sure. I have talked to Mr.Mom about this, and he said if we cannot play, TSU will simply take our spot, and there will be no more bye-round. Honestly, with only 4/15 saying they can 100% make it, i think cw.cc should just play TSU gaming.

That counts also for NE and -SoQ-

We have posted a request to postpone to next sunday. See:

It would be a good idea if the organizers of the tourney make the time longer for teams to get a good apointment possible.

I may also help for other teams like shadow, cw.cc and ????

Dont let time make the tourney to a nice try but not....
