ok i can open renx now  
and wanted to make a new weapon  
but i have no idea how to make  
a laser like scrin have

does anybody know how he made it???  
or does anyone have his laser in .gmax file???

yeah thats the laser i used before  
but its a bit to small  
i want something powerful  
but thx

with powerful i mean the one scrin used on his protoramjet  
so bigger and brighter

Do you have a screenshot of it?  
Mayby its fast to remake atm I dont have a clue what you exactly want.

i know how to make it, but i can't explain it with words i needs ss's to show it...

and thats not possible till i get new cp becasue this one restarts everytime i open a software  
besides firefox =/

Anyway Diehard showed me how, id ask him

Just find some cool weapons and mix them up like you did before.

as for the red laser beam, here is a gmax scene for it simply merge it in your scene
