ok i can open renx now
and wanted to make a new weapon
but i have no idea how to make
a laser like scrin have

does anybody know how he made it???
or does anyone have his laser in .gmax file???

yeah thats the laser i used before
but its a bit to small
i want something powerful
but thx

with powerful i mean the one scrin used on his protoramjet
so bigger and brighter

Do you have a screenshot of it?
Mayby its fast to remake atm I dont have a clue what you exactly want.

i know how to make it, but i can't explain it with words i needs ss's to show it...

and thats not possible till i get new cp becasue this one restarts everytime i open a software
besides firefox =/

Anyway Diehard showed me how, id ask him

Just find some cool weapons and mix them up like you did before.

as for the red laser beam, here is a gmax scene for it simply merge it in your scene
