Only thing I see that could be considered as a cheat there is the building bars... and that's hardly a cheat imo.

He prolly just means that NukedU is a known cheater, and thought it was him or something.

Xena I use paint.net indeed

But sometimes it matters only the result,
and not how you did it

well, he means, the mask is quite bad   it's plain black, try adding fabric texture or something

Well, I guess I'll try to reskin this and put a more detailed mask on it later. (When I'm bored and
feel like it)

And off topic to HaTe, Shut the hell up, No one cares what you think. It was a while back, I tried it, And I stopped it. I'm not proud of my past. Imo, You can fuck off.
