hey guys im from romania and i got a few friends with whom i wanna play renegade in lan but its boring to be just 2vs2 or something like that
my question is how can i put bots on the standard maps or if posible can anyone send me bot pack for the standard renegade maps or something like that ... would help me a lot
thx in advance

Download this

<http://ren.game-maps.net/index.php?act=download&id=326>

Install it to where your ren is.
do this for everyone who plays with you.

Have fun.
