Kane lives in Hell!  
I have seen the future, a Tiberian future!  
It is time you saw the future while you still have human eyes!

Maybe he could make it so that from now on, C&C games are as good as they were before Generals?

I think he may have been joking. He says things like that all the time with a straight face.

You should see a couple of his interviews. He's often very sarcastic.

Edit: boo, Imperium Westwood's having technical issues. At least I saved a shitty html backup of it a while ago just in case. You may have to highlight the text to read it. I also found a fun sound clip.

I know that he is sarcastic and tries to spin off everything, but the way he approached that statement sounded different.
