it just says connecting and the that shit >\_> >\_<

I tried everything! deleted the IP`s at the system32 map, rebooted PC, rebooted modem, reinstalled.

Disabled firewall, made an exeption in it, disabled modem firewall, did portforwarding in both firewalls.

anyone an other option cause im out of options....

upload the image to tinypic cuz links dont work

i might know whats wrong if the image was reuploaded
