It's on the back of your booklet.

Well I guess I am pretty much out of luck then.... my sister said she was going to look for it but that is pretty much a lost cause. She probably threw it away. Is there any other place I can get one... like threw Westwood or something? Thanks for the help.

No, Westwood is long gone, you could buy another copy of Renegade for ~\$5-15(I think) and get it that way.

You could also just buy C&C The First Decade, it's only \$20 now I think.

You can also use another key of westwood games (if you have them) before generals (latest is RA2:YR)

IDK if you can use them while installing but you definitely can use it after install (reg. key change)
