If it's on the same machine as renegadecommunity.com and renforums.com , then I could make that possible, I guess. Crimson?

Apparently I am not even on the ladder... I guess the TK2 servers don't report to that one?

Do you mind if people start using that? It's pretty neat, nice work.

Wouldn't you want it to include the rank? considering that is the point of the ladder.

The Point is there is no rank here

<http://renladder.blackhand-studios.net/player.php?name=Renardin>

maybe someone could include the rank there

i dont want another query on the mainpage as it would waste a lot of time

There is indeed ranking but only here:

---

<http://renladder.blackhand-studios.net/?player=renardin>

So you would indeed have to query the mainpage
