Any server that wants to have good gameplay should prolly just go ahead and ban his stupid ass... Muting him will not stop the team killing part which is more often worst than his racist remarks and shit talking.

Edit: Also I would not be so concerned with showing the IP of such a cocksucker tbh... but that is just my opinion.

Agreed, this guy team kills for no reason at all, and I know beacuse he did it to me when I was smurfing with a name that know one has ever seen before.

And Cards I think it's time for you to find another hobby as I don't think anyone wants you on thier servers.

You've had enough chances but pissed all over them.

I was in a 2v2 clanwar, Heat was my teammate, yesterday. Map was cityfly. I said the box probably would be on the other side; Heat said the god of Renegade never smiles on us.

If there is indeed a god of Renegade, I believe his name is probably Ridocules.
