Shaitan pointed out to me that a few maps were missing from the ubermappack.
He was kind enough to upload them to our forum over here:
<http://forums.mp-gaming.com/index.php?showtopic=8964>

In case you already downloaded the ubermappack you can download them independently there on the forum so you dont have to redownload the ubermappack.

The maps that will be added to the pack:

C_C_ArcticXP_Beta
C_C_BodyRace
C_C_City_Flying_SE
C_C_Halloween
C_C_IslandsEVO1.1
C_C_SkateparkV2
C_C_Snowfight2005
C_C_TubeRace
C_C_VolcanoEVO1.1
C_C_WallsEVO

If you have any maps that are not in the pack already then please post them for me so i can add them.

Thanks
