We have launched our new maps server today. It has a dozen or so excellent maps selected from the ubermappack.  
You can download the maps individually over here in case you dont want to download the ubermappack:  
<http://forums.mp-gaming.com/index.php?showtopic=9018>

The servernickname on XWIS is zzzzzzzzk  
IRC: irc.mp-gaming.com #mp-newmaps  
Server Name: MP-Gaming.com - UberMapPack  
Server IP: 85.25.143.169  
Server Port: 4089  
Server Location: Frankfurt, Germany  
Max Players: 32

If you want other maps to be added just let me know which one and ill add it to the server (unless i really think the map sucks lol).

Have fun!
