Finally Finished them...
Nod Characters are next

I think the Havoc ones came out the best but thats just me

It took about a month time total (not including breaks and other skins and such) but total area of time was over 3 or so months

Well, I like the patch and dead eye ones, but the rest look a little sloppy. Try doing something... more creative. Still keep the original renegade PT style (unless you changing ALL the pt icons to look the same) but do something hat doesn't look like all you did was hit PrtScn and Ctrl-V. (Copy Screen and Paste)
