I'd like to see one of these as well. If I knew jack shit about how to rip from AVP2 (And I'd need AVP2 first), I'd attempt to convert to .w3d and rig it.

not necessary, if you have steam and any of the half life games then you can rip from here www.garrysmod.org shitload of models, don't have the tools to do it anymore so if anyone wants tut here <http://blog.meltingice.net/2006/05/14/how-to-export-half-life-2-characters/>
