We'll be having a lobby war on Tues 9th of March, 8 PM UK (=GMT) time (3PM EST, 12PM PST).

For those unaware of what lobby wars are: out of the people who showed up, 2 team leaders will pick players to create 2 separate teams who will battle it out.

Teamspeak3: we'll use TK2's teamspeak at ts3.thekoss2.org . It is required to join TS, but you do not need a microphone (though it's better to have one).

Server: probably the KOSs2 server (Netherlands based)

Maps: three rush maps and 2 base defense maps (requests are welcome), which should be good for +/- 2 hours of fun.

Team leaders: probably Spoony and myself, unless other people volunteer.

I'd like to ask people of different communities to spread the word about this event. If it's a success, it'll happen again .

We ended up playing 9v9 most of the time. Good games, though a bit chaotic at times. Tx to all who joined in .

LOL, it wasn't even a proper game, it was the start one where we was all waiting!

I blame Goztow, I always lose when I play with him!

LMFAO, so it was my drag factor to the team that cost us the games?

I am going to submit a new stratedgy in the tactics forum "Get reborn to play for the enemy and you're sure to win!".

I need to practise I guess.

Yeah, you were not the one and only reason! The fact hitman left the enemy team has nothing to do with it!
