Today I was randomly thinking about some players that stuck out in my memory whilst playing Ren.

Anyone remember players like Amexxes? (Amexxuss / something simmlar), Diamond, Macdad?.
What happened to the NXC clan?

They were all good snipers.

Just curious.

I remember a Dutch "Amexxes" who used to play @ Fnfall gaming community (Fnfall's Marathon, AoW etc).

OT: Any1 seen Lunatic44 or Adad, or Woandre (or DutchPride)?

Woandre still plays from time to time...luna gave up ren i think, and adad is never around neither. I think DutchPride gave up Renegade after his second ban from Fnfall's as well. Lots of old Fnfall players now play in Atomix, and several of them are in [WaR].

I went to Jelly but I'll give Atomix a shot then to see some ppl that I remember from Fnfall. Haven't gotten Renegade installed (nor do I play it much nowadays).

I think he was referring more to Jamo, komodo, and nepher, who were always on fnfalls. I know komodo plays jelly now, idk about the other two.

Ah I c. Remember a player called CloneNXC? Originally Cloneyman0, - is an IRL mate of mine.

And yea I've seen Woandre on MaTrIx Sniper Serv. I don't really know him, just remember seeing him on there.
