Has DCOM disappeared? It seems all the links are now parked by GoDaddy... did Dave give up on it?

Dave did give up on it, a fair while ago if i remember correctly. I think he's active on these forums though, so try talking to him there. ^^

DCOM Productions will be back eventually, but is no longer affiliated with Renegade. It did go down because I was in the hospital unable to pay the bill though, and unfortunately I was unable to backup the database to the forums so I cannot lend it to anyone who would have wished to continue the Renegade support.

Should have gave me a shout, I would of donated a large chunk (if not the full price) to renew the website.
