Sad that there is a market for such "music/fashion"... Just shows once more how there is no hope for the human race.

I don't really see why it's such a big deal. She's a modern pop star, it's not like those haven't existed. She's kinda like the new MJ, I guess.

Only without a penis (correct), a Netherland, and a plethora of underage boys at her side.

Its quite funny how people get angry over music they don't like..surely a simpler, less angry
solution would be just to not listen?

This is what I do. I mean, I'll gladly state that music sucks if it's on-topic, but I don't go around
constantly saying "HEY GUYS LADA GAGA SUCKS LOL".

Then again, Lady Gaga is about the only decent pop artist in the last while. So I don't exactly hate
her.

there was a crotch shot floating around on the internet sometime back; looked fairly female to me.

I think she just rolls with the "you're a dude" jokes, which is pretty cool. most pop stars go into a hissy fit any time you even so much as point out a minor fault...
