thing that pisses me off though, his death is on the front page of almost all the headlines

meanwhile, North Korea says it will go all out if anything is done to them, and China said they wouldn't support them

Because in all honesty, the death of Gary Coleman is more important than anything North Korea says. C'mon.

well that's not an actual quote by me so i think you should be banned for libel but anyways i made this topic without reading your post first. a moderator can feel free to merge the two topics in to a mega RIP discussion on gary coleman and dennis hopper, two fine actors at the highest caliber of skill and thespian talent.
