im getting an Error on my Renegade Master Server

BIATCH version 1.1 beta 1, build on may 13 2007 at 00:33:12

FATAL ERROR: can not write to ./log/biatch/main.txt

** Press any key to continue **

How do i fix plz help

Create this directory and file. It's a known error unfortunately but noone bothered to fix it.

So basically, in your server folder, make a folder called log, then in there make a folder called biatch, and in that folder create an empty text file called main.
